YOUNG MEN

WHO MAY BE SUFFERING FROM

the effects of youthful follies or in-

discretion, will do well to avail them-

selves of this, the greatest boon ever laid

at the altar of suffering humanity. Dr.

SPINNEY will guarantee to furnish \$500

for every case of Seminal weakness or

private disease of any kind or character

which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty and

sixty who are troubled with too frequent

evacuations of the bladder, often accom-

panied by a slight smarting or burning

sensation and a weakening of the system

in a manner the patient cannot account

for. On examining the urinary deposits

by a slight smarting or burning

sensation will often be found, and

some small particles of albumen will

appear, or the color will be of a thin milky

tint, again changing to a dark and torpid

appearance. There are many men who

die of this difficulty, ignorant of the cause,

which is the second stage of seminal

weakness. Dr. S. will guarantee a perfect

cure in all such cases, and a healthy

restoration of the gentlemanly organs.

Office Hours--10 to 4 and 6 to 8. Sun-

days from 10 to 11 A. M. Consultation

Free. Thorough examination and advice

given.

P. S. For private diseases of short

duration a full course of medicines suf-

ficient for a cure, with necessary instruc-

tions, will be sent to any address on re-

A GOOD WOMAN.

You see hundreds of men, says Dr. Talmage, who are successful only because there is a reason at home why they are successful. If a man marry a good honest soul, he makes his fortune; if he marry a fool, the Lord help him. The wife may be a silent partner in the firm. There may be only masculine voices down on the exchange, but there often comes from the home circle a potential and elevating influence. The woman of Shunem, at whose house the prophet Elisha stopped, was a great woman and the superior of her husband. He, as far as I can understand, was what we often find in our day, a man of large fortune and only a medium of brains, intensely quiet, sitting a long time in the same place without moving hand or foot; if you say yes responding yes; if you say no, responding no; insane, eyes half shut, mouth wide open, maintaining his position in society only because he has a large patrimony. His wife belonged to that class of people who need no name to distinguish them, no title of Princess or Queen. She was great in her hospitality. Jupiter has the surname of "The Hospitable," and he was said to avenge the wrongs of strangers. Homer extolled hospitality in his verse. The Arabs were punctilious about it.

HOW THE BROKERS LIVE.

A correspondent of the Washington Capital says: A Wall street broker, friend of mine says his firm are borrowing all the money they want at two per cent a year, and charging customers six per cent. for the use of it. We cleared \$15,000 on interests alone in the month of August, said my friend. When our customers order us to buy certain shares of stock for them they put up ten per cent. of the total investment, and that makes us responsible for ninety per cent. If the stock is left idle on our hands for any length of time we charge interest on the ninety per cent. So, you see, if the market is lively the profit lies in the commissions; if the market is dull it is in the interest. In either case we come out ahead."

Army Changes--Hazen at Home--

The Korean Embassy.
 WASHINGTON, October 12.
 An Executive order, announcing the retirement of General Sherman from active duty on November 1st, and the changes incident thereto, will be issued to-day. It is understood that Major-General Hancock will succeed Sheridan in the command of the Missouri, Major-General Pope will succeed Hancock in the command of the Department of the East, and Major-General Schofield remains in command of the Department of the Pacific.
 General Hazen, Chief signal officer, has returned to Washington from an extended tour in the west. He had a conference with the Secretary of War this morning, in relation to the failure of the Greely relief.
 The members of the Korean Embassy called at the White House to-day in full court dress, and took formal leave. The President, attended by all the members of the Cabinet, received them in the Blue Room. The presentation was made by Secretary Frelinghuysen. The Embassy will leave Washington on Monday or Tuesday next for San Francisco, and will take the steamer on the 24th inst. for home.

TELEGRAPHIC BRIEVITIES.

—The Iowa Senate stands 40 Republicans, nine Democrats and one doubtful.
 —The Bar Association of New York gave Lord Chief Justice Coleridge a magnificent banquet last evening.
 —Recent rains in Spain destroyed five villages, a large number of fields and orchards, and several miles of railroad.
 —Herr Lecker, a distinguished German statesman, who has been making a tour of the United States, is visiting a brother in Galveston, Texas.
 —Yesterday the Treasury Department purchased 400,000 ounces of fine silver for the mints at Philadelphia, New Orleans and San Francisco.

EASTERN DISPATCHES.

(FROM DISPATCHES TO THE GAZETTE.)

Senator Miller Interviewed.

CHICAGO, October 12.
 Senator Miller of California arrived in this city yesterday from the West. A reporter yesterday asked him the condition of California politics, to which he replied: "The State is in the hands of the Democrats, who have had so many dissensions and blunders that they have lost their strength, while the Republicans are growing and gaining, and I think they can carry the State next year."

"What is the Republican preference on the Presidential question?"

"I don't think there is any. Politicians of both parties are waiting to see what will turn up. Blaine is the leading favorite on account of his standing on the question of Chinese emigration, but this question is now settled for our people, and will not have as much influence as it had in 1880. Arthur is growing stronger with California Republicans and Logan has many friends, especially among old soldiers. There are plenty of candidates, and we are waiting to see who is coming to the front. The candidate who is recorded as opposed to Chinese emigration will be stronger than the one who is not."

"Are the Democrats for Tilden?"

"Well, no, hardly. Justice Field is the leading Democratic candidate on the Pacific coast. He is much stronger now than he was six months ago, on account of his decision in the United States Circuit Court, that Chinamen from Hongkong have no more right to come to America under the restriction law, than Chinamen from the Empire itself. That law applies to the race, rather than to the Chinese Empire and people alone."

"Will the opening of the Northern Pacific Railroad take away any of your trade?"

"We will not suffer any falling off, but will not get the increase we would otherwise have enjoyed."

"Does the Mormon question trouble you any?"

"Not locally in California. It has no serious foothold in that State, but is spreading rapidly in the Territories, especially in Arizona and Idaho. It is a serious thing and is very aggressive. The Edmunds law has not succeeded in eradicating polygamy, nor in taking the political power from polygamists."

Interesting to Shippers.

CHICAGO, October 12.
 Commissioner Carman, of the Chicago & Northwestern Traffic Association, has issued the following circular: "The Northern Pacific R. R. Company having announced the opening of that road for business to and from San Francisco, notice is hereby given that through rates to and from San Francisco and Chicago and eastern points, via St. Paul, will be the same as are now in effect via Council Bluffs and other Missouri river points and lines west thereof. Business originating at Oregon destined to Seattle or Tacoma, W.T., will be governed by rates now in effect for Portland, but on shipments to or from Townsend, W. T., and Victoria, B. C., an arbitrary of five cents per hundred pounds for lighterage must be added to Portland through rates."

Objected to Hanging.

CLEVELAND, October 12.
 Jack Radenerd was hanged to-day at Fremont, for wife murder, committed in September. He made a fierce fight against the officers, and cried, "let me go you hell bound," and showered blasphemous and obscene epithets upon them, after being dragged to the scaffold. He tried desperately to escape, and to jump from the platform. With much trouble he was bound, and the drop fell at five minutes past noon.

A Life Saving Light.

INDIANAPOLIS, October 12.
 The Woolly electric light for locomotives was successfully tested on the Belt railway last night, and again to-night. The light has the power of 7,000 candles, and casts a distinct illumination a distance of over one mile. No difficulty whatever was experienced from the jarring of the engine; the light continued as steady when the engine was in rapid motion as when it was standing still.

Flying Their Vocation.

St. Louis, October 12.
 It has been discovered that the Circuit Attorney's office was entered last night and the short hand records of the last grand jury, which investigated the gamblers, were missing. The stenographic notes cover all the testimony of some of the witnesses in the gambling investigation, and the notes on other important cases.

After The Standard Oil Company.

PHILADELPHIA, October 12.
 The State Legislative Committee in investigating the statement conveyed in the Governor's message in relation to the transactions of the Standard Oil Company, met yesterday afternoon. The session was resumed with a cross-examination by A. E. Gamen, of E. C. Patterson, charged with receiving certain sums of money from the Stand-

ard Oil Company for ceasing to accumulate evidence against them, for which duty he was employed by the State. The witness admitted he had met some of the agents of the Standard Oil Company in New York, that he had while there received from the company \$5,500, and subsequently had sent to him by the Company, at a place which he could not remember, at one time \$2,000 and at a later period \$500. He also stated that when he was no longer employed by the Standard Oil Company, they insured him \$5,000 a year salary while connected with the enterprise of the Transit Co., a body with which the Standard Company was in no way connected. He declined to state in what capacity he was employed by the Enterprise Co., and declined emphatically to speak on the subject when asked if he could explain why the Standard Oil Co. would guarantee him a salary of \$5,000 a year while connected with a company with which they are in no way affiliated, the witness, after hesitating a short time, said that he would not answer the question.

Collision at Sea.

New York, October 12.
 The steamship Salier, which left for Bremen on the 10th inst., returned here yesterday afternoon, having been in collision with the bark Sarah M. Smith of St. Johns, N. B., which was left sinking. Her captain and crew were taken on board.

A Good Appointment.

SAN FRANCISCO, October 12.
 It is stated that Wm. Hood, Assistant Engineer of the Central Pacific Railroad, has been appointed Chief Engineer of the road, left vacant by the death of S. S. Montague. Mr. Hood was the engineer of the loop over the Tehachapi mountains.

Through the Scuttle.

LORIGAL, Canada, October 12.
 The man who murdered the Cooke family was hanged at 8 o'clock this morning. He murdered his employer, E. R. Cooke, Mrs. Cooke, and their son and daughter. He made a full confession.

—A reward of \$500 has been offered for the recovery of Willie Dickenson, the boy who was stolen from his home in Wisconsin in 1881, and taken to England.

EXPERIENCE.

"Calvert, Texas, May 3, 1892.

"I wish to express my appreciation of the valuable qualities of

Ayer's Cherry Pectoral

as a cough remedy.

"While with Churchill's army, just before the battle of Vicksburg, I contracted a severe cold, which terminated in a dangerous cough. I found no relief till on our march we came to a country store, where, on asking for some remedy, I was urged to try AYER'S CHERRY PECTORAL.

"I did so, and was rapidly cured. Since then I have kept the PECTORAL constantly by me, for family use, and I have found it to be an invaluable remedy for throat and lung diseases.

J. W. WHITLEY."

Thousands of testimonials certify to the prompt cure of all bronchial and lung affections, by the use of AYER'S CHERRY PECTORAL. Being very palatable, the youngest children take it readily.

"Polite and accommodating attendants in every department," is what the proprietors of the Palace Hotel advertise, and which their guests find to be true.

Reno people have learned that Fraser, the foundryman, is buying old iron, and they are selling their burnt-out cooking stoves, and buying new ranges of Knowles & Bainbridge.

Attention is called to the advertisement of W. R. Strong & Co., of Sacramento. They are one of the best firms in California, and dealers in Western Nevada will find it to their advantage to trade with them.

GOOD TEMPLARS

The Order Prosperous—Election of Officers for Evening Year.

The Grand Lodge of Good Templars closed the Fifth Annual Session yesterday at Dayton. It was one of the most interesting sessions ever held, every lodge in the State being represented.

The following officers were elected: Grand Worthy Chief Templar, J. L. Campbell, Dayton; Grand Worthy Councilor, John E. Bray, Dayton; Grand Vice Templar, Miss J. A. Daniel, Greenville; Grand Secretary, P. C. Mulachy, Reno; Grand Treasurer, Mrs. Minnie B. Bonham, Dayton; Grand Chaplain, C. Chenoweth, Winnemucca; Grand Marshal, Mrs. W. D. Wagar, Reno; Deputy Grand Marshal, J. A. Bonham, Dayton; Grand Inside Guard, Minnie Hernandez, Mason Valley; Grand Sentinel, J. F. Fox, Representative to the Sovereign Grand Lodge, J. M. Helery, Wadsworth; General Superintendent of Juvenile Templars and Bands of Hope, Mollie Stevens of Winnemucca. The next session of the Grand Lodge will be held at Reno.

A Plumas County Prospect.

Angus Cameron was in town and reports the prospects over at Rich Gulch to be first-rate, says the Greenville Bulletin. The ledge in which Halstead and others are interested is 30 feet wide, and specimens of ore taken from it are immensely rich. By spring there will be a big mining boom on that part of the river, and mines will be opened that will rival in richness the Eagle Gulch or Four Hills mines. The claim in which Angus himself is interested promises better the farther it develops, and he and his partners are well satisfied with their prospects.

Death From Anesthesia.

Recently a 16-year-old lad at Montpelier, Utah, had his fingers badly crushed while coupling cars, and as the attending surgeon thought the patient not strong enough to stand the amputation, which was found necessary, without an anesthetic, ether was administered, resulting in death before the amputation was completed.

Room Inside.

The San Francisco Exchange says: It begins to look as if there will not be paying positions enough to go around among the numerous Democrat aspirants for places at San Quentin. But then there's plenty of room inside, gentlemen.

Miniball Ball.

George Holeworth and Walter Fulmer have leased Kimball Hall, which they propose fitting up in good shape for balls and dancing parties.

A BIG STEAL

A sample of the Comstock Management in Montana.

Speaking of the Cable mine, Deer Lodge county, Montana, the Helena Herald says: In a comparatively small body of white quartz, of less than two tons weight, very nearly \$80,000 was secured and made off with by a number of the men employed in the development force. Of this large amount of treasure only about \$6,000 was recovered by the owners. The guilty one caught confessed to his theft, disgorged his part of the plunder, and implicated those who had shared in the robbery, and the amounts they, one after another, skipped the country with. This man was let go—a condition to the confession and the giving up of his share of the stealings. His associates scattered and placed themselves beyond reach—in the States, in Canada, and one at least put the sea between him and America. The theft was first unmasked by one or more of those concerned by heedlessly sending numbers of rich specimens to Helena, where they were disposed of at high figures. For one of these quartz pieces of less than a pound weight, a suit of clothes, with an overcoat added, were exchanged. Several of these rich and beautiful specimens of white quartz, with protruding gold upon all sides of them, adorn a number of Helena cabinets.

CATTLE THIEVES' REVENGE.

They Try to Destroy a Witness With Dynamite.

A Pawling (N. Y.) special to the Tribune tells a story of depredations of cattle thieves and their discovery, and of their revenge upon those who disclose their name. At 8:30 o'clock on Friday night some person threw a dynamite cartridge through the window of a room occupied by the Beach family. Mrs. Beach and her baby were in bed and John A. Beach and Samuel Graner were in a large room; Graner seized a double-barreled shotgun and started toward the door. The cartridge had fallen upon a table near the window, upon which were a tin pan and a tin dinner-pail. The explosion blew pieces of the pan and nail into Graner's body, destroyed every window on the floor and split the floor beams underneath. Mrs. Beach and the infant were knocked senseless, while Beach was blown from the main room to the bedroom and when he recovered consciousness found himself hanging over the bedroom window. Graner is not expected to live.

An Unhappy Editor.

The late storm seems to have had a bad effect upon the editor of the Greenville Bulletin. He seems to be a little colicky, so to speak, because Reno intends to have a week's racing at the Agricultural Society's grounds the latter part of this month. Whether the Trustees of the last fair held, omitted to send him a pass, or whether he bet on the losing horse, are simply matters of conjecture, but his notice of the coming races would lead one to think that he lost a dollar or two in some way. In any event the gentleman should not allow his temper to so prejudice his mind as to cause him to wander so far from the truth as he does in the article referred to. The gentlemen who have the matter in charge are working hard to give a week's racing. They have hung up liberal purses, and all visitors will be well treated. Come down brother Mulholland and have a good time.

Elko Items.

The Elko Independent says: James Clark has now at the depot 23 sacks of concentrations from ore taken from his mine at Columbia, and as soon as the balance of the lot on hand arrives, it will be shipped East for reduction. The ore is concentrated at the works near the mine, and it can be made to pay.

All reports from Railroad Districts are of the most satisfactory nature. The mines are yielding well and the new furnace continues to turn out bullion at the rate of ten tons per day from an average of thirty tons of ore. When it is stated that the ore being reduced is of the second class, and that the average of the bullion produced is quite satisfactory to the owners, the prospect for the success of the new enterprise and the district, it must be admitted, are particularly bright.

Denials from the "Times-Review."

The time has come around, when the cord of sympathy is best expressed by a cord of wood.

This cool weather has worked up quite a matrimonial boom. We hear reports of a number of weddings here in the near future.

There is an item going the rounds headed "Poker in Oregon." We shall not publish it. Poker in Tuscarora has disgusted us with the whole subject matter.

If the world does not come to an end this month, as predicted by the Moslems, we shall never prepare our ascension robes again. This periodical expense for frilling night gown with trains is becoming burdensome beyond toleration.

Four Years Chief Justice.

At the expiration of his present term Judge Hawley will have been Chief Justice of the Supreme Court two years longer than any other man who has held that position in this State.

PERSONALS

Colonel M. N. Stone of Virginia was at the depot this morning.

D. G. Kitzmeyer of Carson returned home by the V. & T. this morning.

J. M. Dillman of the First National Bank departed this morning for the Bay.

J. A. Burlingame of the Carson mint, and wife returned from California this morning.

Mrs. Erup, wife of one of the Arizona Errups, passed east this morning on her way to Idaho.

Miss Etta Smith left this morning for San Francisco, where she will attend school for a few months.

Richard Gray, General Freight Agent of the Central Pacific, was a passenger for Denver this morning.

M. Frank, a distinguished San Francisco Hebrew, who has been spending the Jewish holidays in Virginia, went below on this morning's express.

G. H. Carroll, who recently sold out his ranch and stock at Willow Point, Paradise Valley, made the GAZETTE a call this morning, on his way to California.

D. H. Haskell, Central Pacific town site agent, went to Wadsworth this morning to give away the lots in the new town on this side of the Truckee river. He will probably find this a thankless job, for no matter who receives the best locations, there will be plenty to accuse the agent of favoritism.

A DEEP MINE.

Native Gold on the Three Thousand and One Hundred Level.

There is no special change in the Union deep winze to the 3,100 level says the Virginia Chronicle of the 11th inst. The progress is slow, owing to the hard material in the bottom. They are not yet down far enough on the quartz streak covered recently to judge as to its permanency. This winze is the deepest point in the earth where gold has been found. The impression has generally prevailed on this coast that silver only is met with at so great a depth, but the fact of native gold being visible in the quartz found at a depth of 3,100 feet, scatters all such theories to the wind. A sample of ore was taken by Captain John Kelly, from the Union deep winze last Tuesday, assaying \$1,100 in gold and a small proportion of silver. The sample was not selected, but was taken from the sackful of ore brought out by Captain Kelly.

An Unlucky Find.

The celebrated New York diamond which is now exciting much interest throughout the East, has a singular history. The diamond was found in a diamond field in South Africa by a laborer, 4 years ago. He was overjoyed when he beheld his great "find," but his joy soon turned to fear as he thought of the probability of his companions learning of the valuable stone. He endeavored to conceal his luck, but his actions betrayed him, and he was murdered by a man who in turn met a like fate, and before the stone reached this country it cost four lives. The last owner, in dying, gave the diamond to a native, who bartered it to a sea captain, from whom it was purchased by its present owner. The diamond is said to be larger than the famous Kohinoor.

A Chance for Fiscal Tributes.

Under the above heading the Virginia Enterprise aptly says: In the person of Wright Leroy, the recently convicted murderer of Skerritt, the romantic maidens of San Francisco have another stranger who is now open to the reception of delicate attentions and bids upon his affections. As Leroy strangled a man he will probably not be considered so awfully nice as Wheeler—who, by the way, is still alive and well—the man whose hooked paws pinched the waistband of a young girl and forever choked off her wind.

A County Commissioner Indicted.

The Grand Jury, now in session, at Winnemucca, has presented an indictment for misdemeanor against David Giroux, Chairman of the Board of County Commissioners. The offense on which the indictment is based is that of letting a contract to parties with whom he was interested. The punishment is forfeiture of office and a fine not exceeding \$500, or imprisonment in the county jail. Mr. Giroux is a highly esteemed citizen of Winnemucca, and the indictment has created a sensation.

An Effective Temperance Lecture.

The St. Paul Pioneer Press says: "Three little girls called at the lock-up last evening to apply for the release of a drunken father. Their pleading words and faces, as they clung to their parent, made one of the strongest temperance lectures the hard, gray walls of the city prison ever looked upon."

SHILOH'S CATARRH REMEDY—a positive cure for catarrh, diphtheria, and cancer mouth. Sold by Osburn & Shoemaker.

Will be Buried at Carson.

The Carson papers say the remains of the late Colonel T. W. W. Davies will arrive in that city today for interment. The funeral will take place from the Episcopal Church, the Rev. George R. Davis officiating.

CENTRAL NEVADA.

What is Transpiring Along the Line of the Humboldt.

The Silver State of the 11th Inst.

says: Yesterday eleven cars of beef cattle were shipped from Iron Point to Poley Heilbron & Co., San Francisco.

Two teams belonging to W. B. Todhunter left here today loaded with 40,000 pounds of freight for his ranch at White Horse, Or.

P. G. Hatcher of Paradise shipped a car-load of fine Oregon horses from this station to San Francisco yesterday. The animals were of good size, young and well-broken.

It is rumored that six horse stages will be put on the line between this place and Boise City, Idaho, shortly. Passengers from Silver City, Boise City, and Southwestern Idaho generally, can save time and considerable money in going to and from San Francisco by patronizing the stage line.

M. S. Bonfield returned from Austin last night, where he has been defending what is known as the cattle cases. There were 13 indictments, and nine defendants were arrested. Two defendants pleaded guilty, one was convicted, five were acquitted, and one case continued for the term.

American Singers.

An eastern newspaper says American singers have made a much greater mark in Great Britain than American actors, notwithstanding the conspicuous absence in America of long-established academies and colleges of music.

"The climate," it adds, "clear and dry as it is, will scarcely account for the number of good voices produced in America, for one effect of the American climate is a propensity to pinch the throat and cause the high-pitched tones and the nasal twang by which the European in it so many Americans is marked."

An Industrious Thief.

Harry Towle, near Sugar Loaf, says the Nevada Transcript, keeps for family use a nice patch of vegetables. Two years ago he had the whole of his potato crop dug from the ground and carried away at night by a sneak thief. A few days ago another thief, if not the same one, introduced himself on Mr. Towle's premises when everyone was sound asleep, and cleared out the whole garden of its cabbages, carrots, tomatoes, etc. A white man not a mile from Mr. Towle's is suspected of being the thief, and a mean one he is.

Demand For Furnished Houses.

Talking about high life in Washington, a correspondent says: Mr. Blaine is not the only one here who has rented his house. The demand for furnished houses of the better kind by persons coming to Washington for the winter, or longer, is altogether beyond any previous experience. To supply it, house owners in considerable numbers are moving out to board. The rates are consequently beyond any former record, for the gain that there is in it furnishes the only motive for the operation.

The Last of the Knights.

S. G. Sheffer of South Haven, Mich., and a member of Kalamazoo Commandery No. 8, accompanied by his wife, passed east this morning. Mr. S. said that so far as he knew, he was the last of the Eastern Knights, and expressed himself delighted with what he saw in California.

Fall and Winter Hats.

S. M. Jamison has the largest stock of ladies' and misses' hats ever opened in Reno. All the latest Fall and Winter styles can be seen at his dry goods store, on Commercial Row. A better stock to select from cannot be found in San Francisco. Call and examine.

Big Cattle.

Louis Dean drove in seven yoke of work oxen from the Humboldt, the average weight of which is over 2,000 pounds each.

Bad Management.

Many a mine is abandoned and reported too poor to pay for working when the fault is not in the mine, but in the men. The Inyo Independent says: "The Sacramento mine shut down some time ago, because it would not pay. Mr. Van Epps, the Superintendent, gave four Mexicans the privilege of working the mine, to have what they could make, and this is the result so far: Four men four weeks in the mine, 15 tons of ore, one armita worked by one mule, and one of the four men to drive him; coin in hand, \$177 50. The mine speaks for itself." Sixty-one dollars per week or man is not bad pay, and that, so, from a mine that would not pay the owners anything. There are more baulky drivers than baulky horses, and more bad managers than bad mines. We know of mines that ran the owners in debt, and other parties make plenty of money by merely washing over the tailings from the mills.

Lost Man Department.

Information is wanted of the whereabouts of William Carver, who lived at or near Pioche, Lincoln county, in the years 1873 and 1874. He will learn of that in which he is much interested by addressing David Patches, Value, Hancock county, Ohio.

MISCELLANEOUS

Rev. Father Wilds' EXPERIENCE.

The Rev. F. P. Wilds, well-known city missionary in New York, and brother of the late eminent Judge Wilds, of the Massachusetts Supreme Court, writes as follows:

"78 E. 54th St., New York, May 16, 1882.

Messrs. J. C. Ayer & Co., Gentlemen:

Last winter I was troubled with a most uncomfortable itching humor affecting more especially my limbs, which itched so intolerably at night, and turned to lunacy, that I could scarcely bear any clothing over them. I was also a sufferer from a severe catarrh and catarrhal cough; my appetite was poor, and my system a good deal run down. Knowing the value of AYER'S SARSAPARILLA, by observation of many other cases, and from personal use in former years, I began taking it for the above-named disorders. My appetite improved almost from the first dose. After a short time the fever and itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were also cured by the same means, and my general health greatly improved, until it is now excellent. I feel a hundred percent stronger, and I attribute these results to the use of the SARSAPARILLA, which I recommend to all suffering from the best blood medicine ever devised. I took it in small doses three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping your publication may do good.

Yours respectfully,
F. P. Wilds."

The above instance is but one of the many constantly coming to our notice, which prove the perfect adaptability of AYER'S SARSAPARILLA to the cure of all diseases arising from impure or impoverished blood, and a weakened vitality.

Ayer's Sarsaparilla
cleanses, enriches, and strengthens the blood, stimulates the action of the stomach and bowels, and thereby enables the system to resist and overcome the attacks of all Scrofulous Diseases, Eruptions of the Skin, Rheumatism, Catarrh, General Debility, and all disorders resulting from poor or corrupted blood and a low state of the system.

New Life

is given by using BROWN'S IRON BITTERS. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. BROWN'S IRON BITTERS ensures perfect health through the changing seasons, it disarms the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th, 1881:

Gentlemen: I take pleasure in stating that I have used BROWN'S IRON BITTERS for malaria and nervous troubles, caused by overwork, with excellent results.

Beware of imitations. Ask for BROWN'S IRON BITTERS, and insist on having it. Don't be imposed on with something recommended as "just as good." The genuine is made only by the Brown Chemical Co., Baltimore, Md.

The former residents of Virginia City and Carson now residing in San Francisco are numerous, and it is evident that the warm friendships engendered in that sage brush country will be continued, if not more closely cemented in their new homes.

It is seldom that a week passes that there is not a reunion of the ladies who, in "the flush times" in the Silver state do not get together, and like veterans of the late war, talk over the trials and pleasures of their residence in Virginia City. The gatherings generally partake of the nature of luncheon parties, and very delightful affairs they are represented to be. One of the pleasantest was that given on Wednesday afternoon last by Mrs. Governor Tritle at her charming residence in Oakland. The rooms were adorned with flowers freshly called from her gardens and conservatory, and the fragrance of the exotics permeated the whole building. Covers were laid for ten and an excellent luncheon served. A couple of hours subsequently were pleasantly passed in music and conversation and then the guests returned to this city.

Free traders are not alone in calling for the reopening of the tariff question at the approaching session of Congress. Several interests which suffered in the tariff of 1883, of which wool growing is the most important, will make an appeal for increase of duties. The National Wool Growers' Association, which met in Chicago Wednesday and passed resolutions demanding increased protection, is an influential body, not only because of the magnitude of the interests it represents, but also owing to their wide distribution over the country. There is not a State in the Union, and hardly a county, which is not more or less interested in growing wool, and for this reason the Association is able to exert the maximum of political influence. Every member of Congress this Winter will find himself petitioned by some of his constituents to vote for a restoration of the former duties on wool, and even professed free-traders will find it awkward to refuse. It is almost certain that the subject of the tariff will be reopened as respects wool, and this greatly increases the probability of bringing on a general tariff debate, much as such a thing would be deprecated by many on both sides of the House.
